Principal's Message from Mrs. Sue Malahy

The calendar has officially welcomed spring. It is nice to have temperatures that are also letting us know that winter just might end. Spring also reminds us that school will be ending sooner rather than later, but there is still much teaching and learning that needs to take place.

The PARCC test has been replaced with the Illinois Assessment of Readiness or IAR. Students started this testing on Friday, March 22 and will continue through March 28. Make up testing may continue into the following week. Testing will begin each day at 8:00 with all students testing at the same time. Please make every effort to have students at school on time during testing. The format of the test is the same as the PARCC and we are encouraging students to give their best with a focus on improving over their PARCC score last year. The last state test will be the Illinois Science Assessment. This will be taken by students in grades 5 and 8 between April 23 and 30.

Conferences will be held Wednesday and Thursday, March 27 and 28. You can sign up for a time using the link on the Lindbergh web page. There will be no school on Friday, March 29.

Mark your calendar - The Family Learning Team is planning a fun Family Night for April 4. We will have a light dinner and then play dodgeball as well as share some information about using the 7 Habits from Leader in Me at home. More details will be coming!

Congratulations to Coach Hogan and our girls volleyball teams. Both the Junior Varsity and Varsity teams won their tournaments to bring home championship trophies. We are proud of their accomplishments!

Sue Malahy, Principal
Congratulations to 5th grade student Ethan Jourdan! His recipe for Shrimp Pico de Avocado won first place in the 2019 Sodexo Future Chefs competition that was held on March 9th.

Congrats to both the Varsity and JV Volleyball teams on their awesome season! Both teams won the city championship this year!
