- The Peoria Public Schools has both District-wide safety and crisis plans, along with safety and crisis plans for each individual school. The plans contain instructions and procedures, for injury prevention, bomb threats, weapons, explosives on campus, school safety drills, tornado protection, and safe bus riding practices, emergency aid and post-crisis management.

School Visitation Rights & Procedures
(Board Policy 8:30)
- Visitors are welcome on school property, provided their presence will not be disruptive. **All visitors must initially report to the School Front office, sign in, and receive a visitor’s badge that must be worn for the duration of the visit.**

- Conferences with teachers are held, to the extent possible, outside school hours or during the teacher’s conference/preparation period. The School District expects mutual respect, civility, and orderly conduct among all individuals on school property or at a school event.

Student Name Tags
- All Franklin students are always required to wear name tags, every day. A $2.00 fee will be charged for lost or damaged name tags.

Fire & Emergency Drills
(Board Policy 4:170)
- During each academic year, each school building must conduct a minimum of:
  - Three school fire evacuation drills
  - One bus evacuation drill
  - One severe weather and shelter-in-place drill
  - One law enforcement drill

Notification of Snow Days or Other Emergency School Closings
(Board Policy 4:170)
- In the event of an emergency that might affect individual buildings or the entire school system, such as excessive snow, the Superintendent is empowered to declare an emergency and close affected school. School closings will be announced on **www.psd150.org**, radio, and television as quickly as a determination is made. The “Schoolwires” phone messaging system will also be used to alert parents and/or guardians. Should the district be forced to close due to an emergency, additional days may be added to the end of the school year.

Keeping Contact Information Updated in Case of an Emergency
- If your phone number changes, please let the office know. **It is VERY IMPORTANT that we have at least THREE working phone numbers for you in case of an emergency.** Changes to your child's emergency card must be made in person.
Enrollment Requirements

Medical Examinations & Immunizations
(Board Policy 7:100)
- Medical examinations and immunization compliance are required of all students in the Peoria Public Schools upon entrance into the school district, **no later than October 15th**. State statutes require physical examinations of all students entering pre-kindergarten, kindergarten, (or first grade, if student didn’t attend kindergarten) sixth grade, ninth grade, or students new to Illinois.
- State law requires immunization of all school children against diphtheria, tetanus, pertussis, polio, measles, mumps, and rubella. One measles booster is required for all students (K-12), and a proof of one T-dap vaccine is required for grades 6 - 12. Hepatitis B immunization is required for students entering pre-kindergarten and fifth through 12th grades. The Hib vaccination is required for pre-k entry. The chicken pox vaccination, or proof of immunity, is required for all pre-k through 12th grade students. Lead screening is required for all students entering school under the age of six.

Dental & Eye Examinations
- Dental exams are required for students in kindergarten, second, and sixth grades, while eye exams are now required for children entering kindergarten or enrolling in grades 1-12 for the first time in an Illinois school. The eye exam is to be performed only by a qualified eye doctor (optometrist or ophthalmologist).

Sports Physicals
- Any student participating in extracurricular sports activities must have a new sports physical every school year.

Birth Certificate Requirement
- Within 30 days of new student enrollment, a parent/guardian must provide the District with a valid certified copy of the child’s birth certificate. If a birth certificate cannot be provided, a passport, visa or other governmental documentation of the child’s identity may be provided as long as the parent/guardian attaches an affidavit explaining why a birth certificate is unattainable.

Students Transferring from Outside of Peoria Public Schools 150
- Transfer students will be given 30 days from enrollment to comply with the enrollment requirements. If a birth certificate is not provided at enrollment, the building principal will notify the local law enforcement agency and also notify the person enrolling the student in writing that a certificate must be provided within 10 days or the case will be referred to the local law enforcement agency for investigation.
Curriculum

Parents’ Right to Review Instructional Materials
- Anyone may inspect any textbook or instructional material used in the District. Contact the Chief Curriculum and Instruction Officer at (309) 672-6758.

Bilingual Education
(Board Policy 6:160)
- The Peoria Public Schools maintain a program for students with limited English Language Proficiency. The program works to appropriately identify students with limited English proficiency and determine an appropriate instructional environment for limited English proficient students. For more information, contact the ELL Director at (309) 672-6536 or (309) 224-9828.

Homework
(Board Policy 6:290)
- Regularly, your child may have homework assignments to complete after school. It is important for you, as parents, to cooperate with the child’s teacher to see that homework is done. Homework assignments may be given at any level from kindergarten through high school for a wide variety of reasons:
  - to reinforce what was learned in school;
  - to practice what was learned in school;
  - to finish what was started in class;
  - to research a topic chosen in class;
  - to independently study a topic started in class;
  - to visit a library;
  - to explore new fields.
- You help your child when you:
  - check each day to see what assignments your child has and if he/she understands how to do them;
  - help set a specific time for doing the homework without interruption, preferably in the afternoon or early evening;
  - help provide a quiet corner for study;
  - let the child do his/her own work;
  - make sure you reinforce what was taught in school by the same method used in school;
  - check the work to make sure he/she understands what he/she did;
  - ask him or her to tell you what he/she has been studying and what he/she has learned.
- You hinder your child when you:
  - do the homework yourself;
  - disagree with or criticize the teacher;
  - nag or argue about homework.

Make-Up Work
- Please refer to the District’s grading policy (attached).

Assessments
- Assessments are administered to various grades throughout the school and parents are given notification concerning when there will occur. The tests given include, but are not limited to: Cognitive Abilities Test (4th grade), Normative Assessment Tests (K-4th grades), and IAR (3rd – 4th grades).

MTSS (Multi-Tiered System of Support Team)
- Grade level teams meet weekly to review and analyze data. When necessary, parents will be invited to work with the MTSS team to develop and/or review Tier 2 or Tier 3 intervention plans for both academics and behavior.
Field Trips

(Board Policy 6:240)

- Field trips are permissible when the experiences are an integral part of the school curriculum and/or contribute to the District’s educational goals. All field trips must have the Superintendent or designee’s prior approval, field trips beyond a 200-mile radius of the school or extending overnight must have the prior approval of the Board.
- Each of our classrooms takes field trips during the school year.
- Chaperones that are not a parent must be 21 years old or older. This is a wonderful way to be involved. All rules, policies, and procedures apply.
- There may be circumstances when the principal requests that a guardian attend with a child on the field trip.
- Information slips are sent home at least one week prior to the field trip and parental signatures are necessary for a child to attend, unless it is a district-sponsored field trip.

Extra-Curricular Activities

Eligibility

- In order to be eligible to participate in any school-sponsored or school-supported athletic or extracurricular activity at the Peoria Public Schools, a student must satisfy the Illinois High School Association’s scholastic standing requirements. Any student-participant failing to meet these academic criteria shall be suspended from the activity until the specified academic criteria are met.

Possible Participation Requirements

- Other requirements for extracurricular activities include written permission from parent(s)/guardian(s); certificate of physical fitness issued by a licensed physician, advanced practice nurse or physician assistant; and proof of accident insurance coverage either by a policy purchased through a District-approved insurance plan or family insurance plan.

  - Be on time;
  - Board the bus promptly;
  - Take seats promptly and remain seated throughout the trip;

  - Additional instructions are established for special and vocational education students and are provided by the local school.

Prohibited Conduct on the School Bus
(Board Policy 7:220)
- All students must follow the District’s School Bus Safety Guidelines. Gross disobedience or misconduct providing grounds for suspension from riding the school bus includes:
  - Prohibited student conduct as defined in the Student Discipline policy.

  - Willful and/or repeated defacement of the bus.
  - Repeated use of profanity.
  - Repeated willful disobedience of the bus driver’s or other supervisor’s directives.
  - Such other behavior as the administration deems to threaten the safe operation of the bus and/or its occupants.

School Bus Student Conduct & Consequences
- At Franklin, we take bus riding safety VERY seriously. If a student does not follow the rules on the bus (listed below) prior to the bus leaving in the afternoon, a building administrator may remove the student from the bus. Expected Student Conduct & Behaviors

PBIS – Positive Behavior Interventions & Supports

**Lunchroom & Recess**
- In order to feed children in the most efficient and effective way, the lunchroom will have quiet talking time for the first 15 minutes or until all students have their lunch. Students are expected to follow the cafeteria rules and procedures. Failure to follow the lunchroom expectations may result in a time to reflect or loss of recess privileges. Teachers will provide recess for their students before or after lunch. Each group of children has 30 minutes to eat and fifteen minutes to play outdoors. Children are expected to exhibit positive behavior at recess time. Any actions which are disrespectful, dangerous, intimidating, or of a bullying nature will be disciplined by recess officials and/or administration.

**Athletic Code of Conduct**
(Board Policy 7:240)
- A conduct code for all participants in extracurricular activities requires participants to conduct themselves at all times, including after school, while school is not in session and while on and off school grounds, as good citizens and exemplars of their school. The conduct code also notifies participants that failure to abide by it could result in removal from the activity. The conduct code can be obtained at each individual school. Please refer to the attached Franklin Primary School Athletic manual.

Prohibited Student Conduct/Behaviors: Board Policy 7:190

Students

This policy becomes effective and replaces the current policy on Student Discipline on July 1, 2016.

Student Behavior (formerly known as Student Discipline)

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student’s misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event on a District-owned vehicle; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of students or a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The Administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or tobacco products, or any alternative nicotine product (e.g. materials, including without limitation, electronic cigarettes), or any cartridge or component of an alternative nicotine product.
2. Using, possessing, distributing, purchasing or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
   a. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish) and/or residue.
   b. Any anabolic steroid unless it is being administered in accordance with a physician’s or licensed practitioner’s prescription.
   c. Any performance-enhancing substance on the Illinois High School Association’s most current banned substance list unless administered in accordance with a physician’s or licensed practitioner’s prescription.
   d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician’s or licensed practitioner’s instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
   e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student’s use of asthma or other legally prescribed inhalant medications.
   f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
   g. “Look-alike” or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
   h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled
substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

4. Using, possessing, controlling, or transferring a “weapon” as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.

5. Using or possessing an electronic paging device.

6. Using or possessing a cellular telephone, video recording device, or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take explicit, invasive or inappropriate photographs, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day while in the school building, unless: (a) the Principal or supervising teacher grants permission; (b) use of the device is provided in a student’s Individualized Education Plan (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

7. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.

8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.

Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, cyber-bullying or other comparable conduct.

11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. “Sexual activity” does not include the non-disruptive expression of gender identity or sexual orientation or preference.

12. Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.

13. Causing or attempting to cause damage to, stealing, attempting to steal, or being in possession of school property or another person’s personal property.

16. Being absent without a valid excuse as defined by Board Policy 7:70; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.

17. Involvement with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.

18. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia. The Board believes that the presence of gangs and gang activities can cause a substantial disruption of, or material interferences with school and school activities. A “gang” as defined in this policy is any group of two or more persons whose purposes include the commission of illegal acts. By this policy, the Board of Education acts to prohibit existence of gangs and gang activities as follows: No student shall:

   a. wear, possess, use, distribute, display or sell clothing, jewelry, emblem, badge, symbol, sign or other things which are evidence of membership or affiliation in any gang.

   b. commit any act or omission, or use any speech, either verbal or non-verbal (gestures, handshakes, etc.) showing membership or affiliation in a gang.

   c. use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to:

      i. soliciting others for membership in any gangs; requesting any person to pay protection or otherwise intimidating or threatening any person;

      ii. committing any other illegal act or other violation of school district policies;

23. Gross disrespect, gross insubordination or gross verbal abuse of another. Gross verbal abuse includes a threat and racial or religious slur.

24. Any misrepresentation communicated to a Staff Member.

25. Dispensing, selling or otherwise distributing non-prescription medication.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure may be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program upon written agreement with the student’s parent(s) or guardian or following a Board of Education hearing.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), “lookalikes,” alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and
expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons**

A. Definitions. A “weapon” is defined as:

1. any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Act, or use of a weapon as defined in Section 24-1 of the Criminal Code;

2. any knife, brass knuckles, or billy clubs;

3. “look-aliases” of any weapon as defined in sections (1) or (2) above; or

4. any item, such as a knife, brass knuckles, billy club, baseball bat, pipe, bottle, lock, stick, pencil, and pen, if used or attempted to be used to cause bodily harm.

B. Penalty for Violation. A student who uses, possesses, controls, or transfers a weapon, or ammunition, or any other object that can reasonably be considered, or looks like, a weapon, shall be expelled for at least one calendar year, but no more than two calendar years. The Superintendent may modify the expulsion period and the Board may modify the Superintendent’s determination, on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

**Re-Engagement of Returning Students**

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

**Required Notices**

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify as appropriate: the Campus Security Department and/or the Peoria Police Department and any involved student’s parent/guardian. “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

**Delegation of Authority**

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, or Assistant Building Principal is authorized to impose the same disciplinary measures as teachers. In addition, provided the appropriate procedures are followed, the Superintendent, Building Principal, or Assistant Principal may issue in-school suspensions; may issue out-of-school suspensions to students guilty of gross disobedience or misconduct (including all school suspensions) for up to 10 consecutive school days; and may suspend students from riding the school bus for up to 10 consecutive school days. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

**Student Handbook**

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District’s disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval. A student handbook, including the District disciplinary policies and rules, shall be distributed to the students’ parents/guardians within 15 days of the beginning of the school year or a student’s enrollment. Students and their parents/guardians must acknowledge receipt of the student handbook in some form upon receipt of the handbook.

By this policy, the Board of Education acts to prohibit existence of gangs and gang activities as follows:

Video Surveillance
(Board Policy 7:220)

Suspension & Expulsion Procedures
(Board Policies 7:190, 7:200 and 7:210)

- **Suspensions**
  - Disciplinary action may be taken in the form of school suspension. Before a student is suspended, he/she will be provided a conference during which the charges will be explained, and the student can respond. A pre-suspension conference is not required, and the student may be immediately suspended if his or her presence poses a continuing danger or threat to others, property or the educational process. The student’s parent(s)/guardian(s) will be immediately notified of the suspension. Upon the request of the parent(s)/guardian(s), a review of the suspension will be conducted by the Office of Student Affairs. The office may be contacted at (309) 672-6540.
    - If a student is suspended, he/she is not allowed to be on the school property during that suspension time for any reason (including picking up a sibling from school) unless given permission by a building administrator.

- **Expulsions**
  - Students may be expelled from the Peoria Public Schools in accordance with the provisions of Section 5/10-22.6 of the Illinois School Code. (This section empowers the Board to expel students guilty of gross disobedience or misconduct, and to authorize the Superintendent or the principal of any school to suspend students guilty of gross disobedience or misconduct.) Before any expulsion, the student and their parent/guardian are notified of the expellable offense(s) and are given the opportunity to attend a hearing in front of an impartial hearing officer where evidence of the offense(s) is presented, and witnesses testify. The student has a right to representation at the hearing (provided at their own expense) if they so desire, to answer the charges against him/her and to present witnesses to testify at the hearing on his/her behalf. At the close of the hearing the impartial hearing officer presents a recommendation to the Board of Education who then determines whether or not the child is expelled for the offense(s) on a case by case basis.

- **Expulsions with the Expulsion Held in Abeyance**
  - In some cases, a student that is being recommended for expulsion can have that expulsion held in Abeyance provided the following occurs:
    - The School Administration and the Office of Student Affairs agree that the Abeyance option is appropriate.
    - Prior to the expulsion hearing, the parents and student agree to the provisions of the Abeyance Student Behavior Plan Contract.
    - The School Board decides to uphold the expulsion request and agrees to the Student Behavior Plan.
Contract.
- At any time during the expulsion period should the student violate any portion of the contract, the original expulsion can be implemented following Board Policies and Procedures.
- For more information, call Student Affairs at (309) 672-6540.

Important Laws Governing Schools

Illinois School Code
- The Illinois School Code, 105 ILCS 5/1 et. seq. may be accessed in its entirety at www.ilga.gov

No Child Left Behind (The Elementary and Secondary Education Act)
- The No Child Left Behind Act is a federal bill that reformed the Elementary and Secondary Education Act. The goal of the Act is to help all students meet high academic standards. In order to monitor districts, the Act requires districts to test their students and report the results.
- Federal funding is targeted to programs that work to improve student and school performance. Particular help is given to schools with large percentages of students who qualify for Free and Reduced-Price Lunch, through Title I of the Act. These funds allow schools to implement programs the school would normally be unable to afford, such as employ additional teachers, purchase teaching materials and enhance parental involvement. Most District 150 Schools are Title I schools.
- Parents of children in Title I Schools have the right to request information regarding the qualifications of any teacher that is instructing their child.
- Contact the 672-6754 if you would like additional information.

Student Testing & Assessment
(Board Policy 6:340)
- The District uniformly tests students who are required to be tested and emphasizes professional and ethical testing practices. Student assessment data on tests required by state law is aggregated by the District and reported on the District’s annual report card.

Student Records Act & Family Educational Rights & Privacy Act
(Board Policies 7:340 and 7:15)
- Student records are confidential and are not to be revealed to persons outside the District without parental permission except under very limited circumstances. Parents have the right to inspect, copy and challenge the contents of their child’s student records.

Directory Information
- Directory information is not considered a student record and therefore the District may release directory information as permitted by law. However, parent(s)/guardian(s) have the right to object to the release of directory information regarding their child. A form is provided at registration, or anytime at school offices, to prevent disclosure of your child’s directory information.

Directory Information Defined:
- Information that may be designated as directory information shall be limited to:
  - Identifying information: name, address, gender, grade level, birthdate and place, and parent’s name and address;
  - Academic awards, degrees, and honors;
  - Information in relation to school sponsored activities, organizations and athletics;
  - Major field of study, including general types of services and dates of services; and,
  - Periods of attendance in the school.

Military & College Recruiting
- The No Child Left Behind Act requires that high schools provide military recruiters and institutions of higher learning, upon request, access to the names, addresses and phone numbers of high school students. of Education, or a committee thereof, shall meet with the complainant, the principal, the Superintendent, and any representatives to discuss the allegations of discrimination. The hearing with the Board of Education shall be informal, however, the complainant and the school administration may present evidence, and call and cross examine witnesses. When a family moves to another attendance area, elementary students must transfer to the new attendance center. All incoming ninth graders and all students transferring into District 150 from other school districts shall attend the high school serving the area in which they reside.
- Only students who are residents of the District may attend a District school without tuition charges, except as otherwise provided below or in state law. A student’s residence is the same as the person who has legal custody of the student. A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition. Transportation for pupils who move out of the district is the responsibility of the parents and the pupils.
- Non-resident students may attend District schools, only upon the approval of a request submitted by a student’s parent(s)/guardian(s) for nonresident admission. The Superintendent may approve the request subject to guidelines outlined in School Board Policies. Acceptance may also be granted according to an intergovernmental agreement to accept non-resident students under the No Child Left Behind Act’s school choice provisions or whenever any State or Federal law or a court order mandates the acceptance of a non-resident student.

Homeless Students

Students and parents who are attending Franklin Primary School instead of their home school will be asked to sign a contract. The contract states that the student must maintain excellent attendance and must display appropriate behavior at all times. If there is a breach of this contract, the parent/guardian will be required to immediately enroll the student at his/her home school.

“Unsafe School” Choice Option
- The unsafe school choice option allows student victims of a violent crime that occurred on school grounds during regular school hours or during a school-sponsored event to transfer to another District school. The student must be a victim of a crime defined in Illinois law found at 725 ILCS 120/3. - Children are not allowed to “play fight”. Appropriate consequences will be given if they are seen play fighting.

**Toys & Spinners**
- Toys and spinners are forbidden from the school property. If a toy or spinner is found, it will be given to the school principal who will hold it until a guardian comes to retrieve it.
**Vision & Hearing Screenings**

- The school years are an important period in a child’s life. During this time, children are introduced to the world of learning and they begin to acquire vital social skills. Development in both of these areas can be inhibited, however, if a child’s vision or hearing is impaired. Therefore, it is so important for children to be screened.

- As mandated by the State of Illinois, these services will be conducted in each building by state certified technicians.

- Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months.
Schoolwide Family Involvement Policy – Title 1 Grant

This Policy is updated yearly with input from parents and staff.

PARENT INVOLVEMENT STATEMENT

Our school needs parents. Parents can be involved in many ways, but the most important ways are through support and communication. Support and communication take on many forms such as making sure homework is done after school. This supports your child(ren)’s achievement and communicates to them that school is important. It is also done by having correct and working phone numbers available for emergencies. We are doing our absolute best for your child(ren) and want to work with you as a team! Parents are the most important people in a child(ren)’s life. We are glad you are our partners!

Instruction

Grading and Promotion

The goals for grading students are:

1. To provide an accurate measure of a student’s mastery of the materials covered during the grading period.
2. To provide an accurate measure of a student’s mastery of the materials relative to State Learning Standards, District expectations, other students in the class, the District, and the State covering the same subject matter.
3. To provide information for the teacher and the District to improve instruction.

The Superintendent or designee shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the Illinois Partnership for Assessment of Readiness for College and Careers (PARCC) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain a current evaluation record for each student in the Skyward Gradebook. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student’s final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

III. Missing Assignments. A missing assignment shall be masked as “missing” in the Skyward Gradebook. A student shall be provided the opportunity to make up the assignment or offered an alternative assignment to be completed in a reasonable amount of time for full credit.

IV. Late Assignments. Each day an assignment is late past the date of teacher entering assignment grades, 10% will be taken off up to a week. If the assignment is not done, the score for that assignment shall be masked as forty (40%). A student may be given the opportunity to do additional work to make up for the incomplete assignment and receive full credit.

V. Evidence of Learning. Students who make a legitimate attempt on an assessment (The definition of legitimate attempt is based on teacher discretion; however, factors considered include whether the student willingly took the original assessment and/or the student read and attempted all portions of the assessment showing work where applicable.) will earn no lower than a 50 percent on the assessment. However, students who do not make a legitimate attempt on an assessment will earn a 40 percent to indicate that no evidence of learning was available.

VI. Category Weighting. Grades will be organized into categories with the assigned weight for each.

In Grades 1 through 8, the End of Year Grade (EOY) will be determined by averaging the earned percent for semester #1 and semester #2.

VIII. Absences. Excused and Unexcused Absences are defined in Board Policy 7:70 (“Attendance and Truancy”). ESSA (Every Student...
Succeeds Act) defines absences as the same regardless of the absence being excused or unexcused. Therefore, all responses and actions shall be the same for either reason.

Students with an (excused or unexcused) absence, including suspensions, shall be given a forty (40%), but they shall be allowed to make up the work for full credit. Students will be allowed two (2) days for every day of unexcused absence or suspension. A student who is completes the assignments within the time guidelines shall receive full credit. The percentage grade would then replace the forty (40%) given. Incomplete or work not turned in would still be given a forty (40%). Refer back to late/missing assignment procedures on page 1 for more detail. If an absence(s) occurs at the end of the grading period, the student will be given an incomplete forty (40%). A student who complete the assignment(s) within the time guidelines shall receive full credit. The percentage grade would then replace the incomplete given and the new grade would be issued. Incomplete work or work not turned in would still be a forty (40%).

VII. Special Conditions. High School Students must take all summative course exams as indicated in the course syllabi. Failure to complete an exam shall result in a zero (0%). All state-required course assessments for all students must be completed.

VIII. Parent Conferences. Parent Conferences shall be conducted after the first nine weeks of school of the first semester and after the second nine weeks of second semester.

IX. Notification of Unsatisfactory Student Work. Parents shall be notified whenever a student’s work is unsatisfactory. Notification may be by formal or informal reporting procedures. Parents/students have Family Access to monitor grades in real-time online.

X. Academic Dishonesty. The act of demonstrating behaviors to gain an advantage on assigned work that no longer allows for assessment of one’s own knowledge and abilities (including but not limited to cheating, plagiarism, or using notes or other aids during an assessment).

A. Definitions.

1. Plagiarism. Plagiarism is the stealing and use of the ideas or writing of another as one’s own; appropriating passages from another and using as one’s own the writings to the ideas of another. “To be liable for plagiarism, it is not necessary to exactly duplicate another’s literary work, it being sufficient if unfair use of such work is made by lifting of a substantial portion thereof.” (Black’s Law Dictionary)
2. Author Falsification. Author falsification is the act of turning in an assignment done by another. And claiming the work to be one’s own.
3. Source Falsification. Source falsification is the intentional listing or erroneous or non-existent sources, i.e., attributing ideas, writings, or passages to an incorrect or non-existent source.

B. Consequences for Plagiarism, Author Falsification, or Source Falsification.
A student who commits plagiarism, author falsification, or source falsification shall receive a grade of forty (40%) for the assignment. The student may complete an alternative assignment within five (5) school days (only) of the student notification of the infraction and receive a maximum grade of eighty (80%). Two separate grades will be entered in the gradebook, the first grade for the original assignment and the second grade for the alternative assignment.

C. Consequences for All Other Forms of Academic Dishonesty.
A student who commits academic dishonesty shall receive a grade of forty (40%) for the assignment. The student may complete an alternative assignment and receive a maximum of eighty (80%). Two separate grades will be entered in the gradebook, the first grade for the original assignment and the second grade for the alternative assignment.

XI. Reassessment: Every student has the opportunity to show new learning through reassessment of skills presented on summative assessments. Reassessment procedures are available from the teacher and building administrators.

XII. Assignment of Credit and Classification for High School Graduation

Per School Code, students may not be classified as a senior (12th Grade) until they have participated in the state required SAT exam on the state assigned testing dates in the home school.

For the 2019 Graduating Class: 26 credits are required for graduation. Credit will be assigned to students who have successfully completed the course requirements and earned a passing grade. Credits will be used to determine what grade level will be assigned in grades 9-12:

A. To be classified as 10th Grade, students must earn 6 credits.
B. To be classified as 11th Grade, students must earn 13 credits.
C. To be classified as 12th Grade, students must earn 19 credits.

Classification of students occurs at the beginning of each school year to take into account those students who had obtained credit through summer school or other sources prior to the start of the next academic year. Classification may also occur at semester.

Class rank ends with the Class of 2019. Class rank will not take place until a student has earned a minimum of 13 credits and attained 11th grade status. Methodology for determination of class rank can be found in the Welcome to High School Curriculum.

For the 2020 Graduating Class and years beyond: 24 credits are required for graduation. Credit will be assigned to students who have successfully completed the course requirement and earn a passing grade. Credits will be used to determine what grade level will be assigned in grades 9-12:

A. To be classified as 10th Grade, students must earn 6 credits.
B. To be classified as 11th Grade, students must earn 12 credits.
C. To be classified as 12th Grade, students must earn 18 credits.

Student recognition will be as follows:

A. Cum Laude “with honor” for students with GPAs of 4.25-4.49.
B. Magna Cum Laude “with great honor” for students with GPAs of 4.50-4.74.
C. Summa Cum Laude “with highest honor” for students with GPAs of 4.75 and higher.

Summative Reassessment Procedure – Adopted: 5/24/2018

Summative Reassessment Procedure

Every Peoria Public School student has the opportunity to show new learning through reassessment of skills presented on summative assessments.

- A teacher must provide a student with at least three opportunities for summative reassessment per semester in each subject area, regardless of grade level and/or score on the initial summative assessment.
- A teacher may elect to offer reassessment on more than three summative assessments per semester.

The procedure below outlines the management of summative reassessment for a Peoria Public Schools student.

Semester Timing: The reassessment must be completed prior to the class’ next scheduled summative assessment. A student is not permitted to reassess within the final ten days of the grading period (i.e. Fall and Spring semesters).

Eligibility: A legitimate attempt on the original summative assessment must have been made for a student to be eligible to reassess. The definition of legitimate attempt is based on teacher discretion; however, factors considered include whether the student willingly took the original assessment and/or the student read and attempted all portions of the assessment showing work where applicable. Peoria Public Schools teachers are focused on growth and learning and may take extenuating circumstances into consideration, for the student’s benefit, and grant a reassessment. We recognize that situations (i.e. major illness, death, etc.), over which there is no control, can impact students’ lives without warning.

Process Initiation & Ownership: Once the above eligibility is determined, the process to reassess must be initiated by secondary students (grades 5-12). Secondary students must take accountability for the process. In comparison, this process may be guided by a guardian and/or teacher at the primary level (K-4). However, teachers may encourage older primary students to take ownership of the process. Reassessment request forms are available to guide the procedure but are not required.

Process Steps:

1. **Schedule a time between student and teacher** to review Skyward and identify any formative assessments and/or homework that should be completed/corrected that are aligned to the misconceptions on the original summative assessment. Teachers, may at this time, suggest new learning activities to advance student understanding. (i.e. specific online learning tasks, tutoring sessions, etc.) If a teacher chooses, he/she may use the optional reassessment forms (1, 2, and/or 3) to guide this work.

2. **Schedule the reassessment.** A student in a primary school (K-4) will work with the teacher to arrange a reassessment time. Secondary level students (5-12) are responsible for arranging a reassessment time with the teacher that will not interrupt the current unit of study.

3. **Student takes the reassessment at the agreed upon time. Note:** A teacher may allow a student to reassess portions of the summative assessment in which the student wants to show growth, if the original assessment is organized by skills/concepts.

Recording/Grading: After the summative reassessment is complete, the teacher will:
- Enter the higher of the two grades into the grade book (replacing the original grade, if applicable)
- Note the reassessment date and original score in the notes section.

Communication of Procedure:
- High School – The District Summative Reassessment Procedure will be included in each course syllabus and/or systematically communicated to all parents/guardians.
- K-8 – The District Summative Reassessment Procedure will be systematically communicated to all parents/guardians.
- Individual teacher requirements must be clearly communicated to students and parents.
