LMS Staff

Teachers and staff at Lindbergh Middle School understand that no two students are alike. To meet a range of learners, teachers and staff provide effective learning environments that include differentiated instruction and engaging activities with the use of best practices. Through monitoring of student progress, students will receive instruction to meet their current level of learning and progress from that point ensuring that each student grows.

As education changes, Lindbergh staff implement new strategies to ensure students are prepared to compete in a global environment. Lindbergh teachers and staff hold high expectations for all students and provide instruction that supports them in meeting the standards.

Our staff is made up of teachers who are highly qualified in their content areas. Their training allows them to support students with special needs, those who are not native English Language Learners (ELL), and high ability learners. Our outstanding support staff assists teachers to meet student needs.

Parent Involvement

Lindbergh has an active PTO that supports the school in countless ways. Through several fundraisers the PTO is able to fund special events and activities to support the students and staff. You may volunteer with the PTO or work with classroom teachers to volunteer.

Additionally, parents are encouraged to become involved in their child’s learning. Family Access provides parents with the opportunity to monitor grades and attendance online. Strong communication between home and school provides parents with on-going feedback on student progress toward learning goals. Parents are encouraged to attend conferences in the fall and communicate with teachers regularly to show your student you value their efforts and accomplishments.

Become Involved

- PTO Meetings
- Fannie May fundraiser
- Grade Level and School Celebrations
- Book Fair

Lindbergh Middle School
Where Dreams Take Flight

We are Learners
Lindbergh Middle School serves students in grades 5 through 8 and is very proud of the rich tradition of academic excellence. Teachers and staff strive to challenge students to become thinkers and use a range of skills and strategies to solve problems and gain new learning. In addition to content offerings of math, English/language arts, science and social studies, students participate in a range of Encore classes including music, technology, p.e. and art and students may choose to participate in band or orchestra.

Technology
Lindbergh uses technology in the classroom and has a Stream accessible to every student. These are used at school and may also be checked out to be used at home. Additional technology, including interactive SMARTBoards, document cameras, and iPads, provide opportunities to develop skills that will carry over outside of school.

We are Citizens

Student Honors and Awards
Honor Roll
Perfect Attendance
Excellent Behavior
Reading Awards
Grade Level Recognitions
Community Service
Young Authors
End of Year Honors

As a Leader in Me school, students work together on service projects. These projects provide students with the opportunity to develop their leadership skills while supporting others.

Our Flight Plan
• Be Respectful
• Be Responsible
• Be Safe

We are Teammates
