Instruction

Credit for Alternative Courses and Programs, and Course Substitutions

Correspondence Courses
A student enrolled in a correspondence course may receive high school credit for work completed, provided:

1. The course is given by an institution accredited by the North Central Association of Colleges and Secondary Schools;
2. The student is a fourth or fifth year senior;
3. The student assumes responsibility for all fees; and
4. The High School Principal approves the course in advance.

A maximum of 4 units of credit may be counted toward the requirements for a student's high school graduation.

Distance Learning Courses, Including Virtual or Online Courses
A student enrolled in a distance learning course, including a virtual or online course, may receive high school credit for work completed, provided:

1. The course is offered by an institution approved by the Superintendent or designee;
2. The course is not offered at the student’s high school;
3. The student assumes responsibility for all fees (including tuition and textbooks); and
4. The Building Principal approves the course in advance.

Students may be limited as to the number of distant learning courses that apply toward high school credit. Grades earned in approved distance learning courses count toward a student’s grade point average, class rank, and eligibility for athletic and extra-curricular activities. The District may pay the fee for expelled students who are permitted to take virtual or online courses in alternative settings.

Exchange Programs
An exchange student will be granted a diploma if he or she completes the criteria for graduation established by the State of Illinois and the Board of Education. The Board of Education may grant a certificate of attendance to exchange students.

District students will receive high school credit for foreign exchange courses that meet the criteria established in the curriculum and that are approved by the Building Principal. International study course work not meeting District requirements may be placed in the student's permanent record and recorded as an international study experience.

Summer School and Independent Study
A student will receive high school credit for successfully completing: (1) any course given by an institution accredited by the North Central Association of Colleges and Secondary Schools, and (2) independent study in a curriculum area not offered by the District, provided the student obtains the consent of a supervising teacher as well as the Building Principal.

College Courses
A student who successfully completes community college courses may receive high school credit, provided:

1. The student is a senior in good academic standing,
2. The course is not offered in the high school curriculum;
3. The course is approved in advance by the student's guidance counselor and the High School Principal; and
4. The student assumes responsibility for all fees.
