This Third Amendment to the Peoria Public School District #150 Group Health Care Plan ("Plan") is made in duplicate at Peoria, Illinois, on the date noted below, by the Board of Education City of Peoria Public School District #150 ("Employer").

WHEREAS, the Plan grants the Employer the right to amend the provisions of the Plan, and

WHEREAS, the Employer desires to make such amendments;

NOW, THEREFORE, the Plan is hereby amended as follows effective July 1, 2019:

1. The Maxi Medical Plan – Plan C Section of the Plan is revised to read as follows:

MAXI MEDICAL PLAN – PLAN C

The Maxi Medical Plan covers the same scope of benefits as Plan A or Plan B, plus 100% of drug plan deductibles or copayments (after a $35 copayment for specialty drugs obtained from the Plan's prescription drug benefit). The Maxi Medical Plan does not apply a deductible, copayment, or co-insurance (other than the $35 copayment for specialty drugs obtained from the Plan's prescription drug benefit). Covered expenses are payable at 100% with no deductible, copayment, or dollar limit except on inpatient hospital bills, which are covered for the first calendar day of admission only (subsequent admissions are part of original admission if for related diagnosis). Covered Employees may elect the Maxi Medical Plan separately for themselves or their Dependents in lieu of the major medical coverage otherwise provided by the Plan at any time. An individual covered under the Maxi Medical Plan may elect to change to Plan A or Plan B benefits at any time. All other Plan A and Plan B benefits limits also apply.

2. Notwithstanding anything in the Plan to the contrary, the Plan shall participate in the Medtrak BIC Align Program. In general, for certain classes of Specialty Drugs (e.g. medications treating conditions such as multiple sclerosis, rheumatoid arthritis, hepatitis c and antiretrovirals), if dispensed through a pharmacy in Medtrak's Best-In-Class Specialty Pharmacy Network, and where the drug manufacturer offers one or more co-pay assistance programs to help pay for the cost of the prescription, a higher co-pay or coinsurance than the amounts listed in the Plan may
be charged; but, any such excess amounts will be billed to the drug manufacturer for payment under the applicable co-pay assistance program, and the Covered Person will not have to pay out-of-pocket any more than the previously stated co-pay/coinsurance amount.
