TO: BOARD OF EDUCATION  
SUBJECT: Approval of Selected Vendors for E-Rate 2020-2021 contracts

Proposed Actions:

That the Board of Education approve the selection of the following vendors for contracts, based on a recent request for proposal period following USAC E-Rate guidelines. The vendors have been chosen based on a scoring system with price as the highest weighted factor. Contracts must be completed, signed, and submitted to USAC by 3/25/2020. Category 1 contracts are either ongoing or month-to-month and are eligible for 90% reimbursement.

Category 2 contracts will be executed with the vendors after vendor choice approval by the board on 3/9/2020. Prices below the vendor show the total price, and the estimated district 85% reimbursement total that we will receive after installation based on the eligible locations.

Category 1: Internet, Fiber/WAN, phone lines:
Selected Vendor: Windstream
Vendor Windstream is the incumbent vendor that submitted the winning proposal which included competitive pricing for dual-pipe Internet bandwidth that allows us to increase over time as needed, pricing for dark fiber/WAN connectivity, and phone (POTS and PRI) pricing. Only one other vendor submitted a proposal which had slightly lower monthly internet pricing but was non-redundant single-pipe internet, had higher monthly WAN pricing, and had no phone pricing. All monthly bills except for the phone services are eligible for 90% reimbursement.

Category 2: LAN switches and UPS equipment:
LAN Vendor: Presidio (Cisco, APC)
The district chose vendor Presidio for our LAN switch and UPS upgrade project. We will be replacing 130 old, non-POE switches to new PoE+ switches, and upgrading uplinks to 10gb. Additionally, we are adding stacking modules to make maintenance easier and improve performance and replacing or increasing UPS’s (uninterruptible power supplies) at multiple buildings throughout the district. Only one other vendor submitted a proposal for hardware-only option that was a higher price. The total cost of the entire project is not to exceed $1,103,328.73 and we will receive approximately 85% reimbursement, which means that our cost will only be approximately $165,500.

Respectfully submitted,
Michelle Seipel, Director of Technology
