ALTERNATIVE EDUCATION SERVICES AGREEMENT ALSO KNOWN AS

ALTERNATIVE SCHOOL PROGRAMMING FOR PRIMARY (K – 4)
STUDENTS AT A PEORIA PUBLIC SCHOOL LOCATION.

Proposed action by the Board of Education:

That the Board of Education approve the Memorandum of Understanding between Ombudsman Program Alternative and Peoria Public Schools to provide a variety of structured, age-appropriate curricula and activities that adhere to the typical benchmarks of growth, development and the multiple developmental needs of children in those age groups. The cost for year one is $650,000 to serve a minimum of 50 students. This cost will be covered by ESSER 3 funds.

Background:

Ombudsman Educational Services is a ChanceLight company. ChanceLight® Behavioral Health, Therapy & Education is the nation’s leading provider of behavior therapy and alternative and special education programs for children and young adults. This agreement will be to serve Peoria Public Schools K-4 non-IEP students who have complex developmental needs.

ChanceLight has been working with Peoria Public Schools for the past two years to implement a program within Peoria Public Schools to meet the needs of the K-4 student population who do not currently have an alternative environment to receive supports. ChanceLight representatives presented in person and virtually to teachers, administrators, support staff, PFT leadership, and Peoria Public School Board members to share information about how they intend to collaborate with Peoria Public Schools staff, students and families to provide supports and services to K-4 students. In 2019, a group of district administrators and support staff visited a ChanceLight program first-hand to see the support and services that they provide to students.

SUBJECT: Purchase of four (4) used special needs wheelchair buses

Proposed action by the Board of Education:

That the Board of Education approve the purchase of four (4) used special needs wheelchair buses. The buses will be purchased from Central States through fund 40 for $270,000 after trade-ins.

Background:

These buses will replace three (3) older existing special needs wheelchair buses including a bus that is no longer in service. This will restore the district to our previous number of special needs wheelchair buses, eight buses on routes with two buses in reserve to accommodate breakdowns, field trips and inspections. These vehicles are gasoline instead of diesel which will improve reliability since there will be no need for the cumbersome emission equipment.
