Proposed action by the Board of Education:

That the Board of Education approve the field trip for Reservoir Gifted 8th grade students to travel to Lorado Taft Field School in Oregon, IL., March 20 - March 24, 2023, per Board Policy 6:240. Students will need to meet certain eligibility requirements promoting attendance and good behavior. The cost of the trip is $330.00 per student. No student will be denied attendance due to inability to pay.

Background:

Each year, the 8th grade students at Reservoir Gifted Middle School attend Lorado Taft Field School, located in Oregon, Illinois, and operated by Northern Illinois University. This outdoor field experience program has been in place at this school for well over twenty-six years.

Parents pay a fee for their child to attend. The fee is $330.00 per child and this covers all room, board, food, transportation, and supplies. Additional donation and fundraising ensure no child is denied attendance due to the fees. During the Lorado Taft experience, students continue with their academics, but in a format unique to this Field School. Students engage in environmental initiatives and education, orienteering, writing, math, history, and art.

TO: BOARD OF EDUCATION

SUBJECT: POLICY NO. 7:160 – STUDENT APPEARANCE

Proposed Action:
That the Peoria Board of Education approve an updated student appearance policy.

Background Information:
The Board Policy Committee reviewed a proposed dress code policy recommended by the Parent Teacher Advisory Committee but opted to retain the district’s existing language with minor tweaks by Legal Counsel. The approved version is broad in its language and is therefore non-specific and non-prescriptive.

The Committee recommended that the Administration work with schools to get them to take the concerns raised in the PTAC version into consideration when enforcing the provisions of student appearance to protect the individuality, diversity, and self-expression of students.

The Administration’s input to the Policy Committee discussion aligned with adopting a version that is not as specific and prescriptive as the PTAC version.
