Outstanding Special Education Teacher 09-10 in memory of Mr. Golanis – Molly Herman, Sterling School Pre-K Deaf and Hard of Hearing Teacher

Boss of the Year – Teri Dunn, Principal, Woodruff High School

**ANNOUNCEMENTS** – Board President Wolfmeyer noted that May 26 is high school graduation and she congratulated those who are graduating. Vice President Butler noted that Adult Education, Jamieson and Peoria Alternative High School will also be graduating students.

Mr. Stowell congratulated Washington Gifted School students for their achievements in the WordMasters Challenge – a national language arts competition entered by approximately 220,000 students. Claire Goldhammer competed at the very difficult Gold Division and earned perfect scores in all three meets of this year's Challenge. She is one of only 10 eighth graders in the entire country to achieve perfect year-end cumulative results. Sixth grader Aaron Thune also earned a

perfect score. He was among 213 sixth graders who achieved perfect results. Also earning impressive results were Ben Matlock, Holden Brown, Lucia De Denito y Sanchez and Areeba Turabi.

**PRESENTATION BY AUDIENCE** – Sharon Crews, 2215 W. Callender, spoke to summer school. She feels the current offering that does not include Richwoods High School students is discriminatory and unfair. Richwoods High School students composed the largest group of those re-taking English. She feels that summer school should be self-funded and students should not be allowed to make up classes in the regular semester.

Savino Sierra, 1708 S. Stanley, stated that the new Superintendent needs to listen to the teachers to move the program forward. He still feels that the biggest problem is discipline in the schools. He also noted that restrooms in some schools are a disaster and the sidewalks in front of Trewyn Middle School still need repaired.

Terry Knapp, 922 W. Wilshire Dr., thanked Bryan Devine and Mike Rhodes for their leadership with the chess program in the Peoria schools. He also pointed out that he has taken the last three administrations to Pekin to see their vocational classes so that the district can also provide vocational classes. He feels that not having those classes as offerings is deplorable. He also emphasized that the District is cutting teachers and still sending \$800,000 a year to New York for the Edison program.

Mary Yates, 819 W. Cedar St., Chillicothe, spoke to the need for a full time library manager at Washington Gifted School. She noted that Washington Gifted School students had checked out 23,441 books and made 783 research requests this year. She feels that the students need a full time manager at Washington Gifted School.

The following spoke to saving the Adult Education GED program at Harrison and Taft Homes:

Thomas Dixon, 2110 S. Oregon Apt 89

Antquint Cox, 1604 S. Arago

Charles Massey, Taft Homes

Tim Bailey, 921 S. Louisa

Kendall Johnson 1712 N. Bestor

Preston Sanchez, 2717 Navada

They spoke to their need to get a GED to get a better job. They stated that if the program were eliminated it would give them no other place to go but back to the streets.

Hedy Elliott-Gardner, 3811 W. Pagewood, thanked District teachers for their help with the Habitat for Humanity house. She stated that this community has many people without a GED – 150 in Taft Homes alone. She stressed the need for the Adult Education GED program and asked that it be fully funded.

Megan Lundeen, 100 S. Richard Pryor Place spoke to the need for GED programs. She noted that in her work with the PHA they found that 65% of the Taft and Harrison Homes residents did not have GEDs. Her worry is that with the replacement of units there is a new requirement that residents must be working or in school. She asked that the District keep the GED program.

Bob Darling, 230 E. High Point Rd., spoke to the closing of Woodruff High School and the elimination of teachers – 75 positions and the savings from those positions – he will be checking to make sure that savings occur. He noted that the union and administration will be working this summer.

Elaine Hopkins, 1825 Maple Ridge, spoke to summer school and the discriminatory practice of eliminating some students. She does not want the district to deny any student the opportunity to attend summer school. She also spoke to the public comment section of the Board meeting not being televised. She would like a public vote on the issue and feels that public comment should not be censored because they provide valuable comments. She noted that tonight's meeting will be videotaped and placed on the WMBD web site.

Neidre Tate, 2215 N. Wisconsin, stated that she does not feel that the District cares about her children who are in school. She stated that she has complained and that no one gets back to her. She feels that her suggestions should be taken into consideration. She reported that she volunteers each day at Glen Oak School.

#### INFORMATION ITEMS – REPORTS FROM SUPERINTENDENT AND STAFF –

1. GOAL 1 – STUDENT ACHIEVEMENT
2. Goal 2 – FISCAL RESPONSIBILITY

FINANCE REPORTS – Mrs. Schau presented this report for the Board's information and review. Ms. Schau reported that as of today, May 24, 2010 the State is behind in paying the District \$10.4 million dollars for the current year. She noted that not much funding has come from the State since late December, early January. The State is using Stimulus Funding to make State Aid payments. She noted that categoricals and grants are behind with some grants not receiving any funding at all. She emphasized that there has been great impact on the cash flow. The District is getting by with the use of the \$38 million in the Working Cash Fund, but even with that money there could be a need to do some short term borrowing next December or January if the State money is not freed up. The State has told us that they do not have the cash to fund items that they have appropriated for this year.

Ms. Schau noted that we have received no funding this year for the PAHS program. The Adult Ed program needs funding of \$600,000 (\$95,000 from the Education Fund). If the grant and State funding does not come through for Adult Ed, it would cost the Education Fund an additional \$500,000.

Mr. Stowell stated that the primary mission of the District is K-12 education and as much as he favors pre-K and adult services, we need to work with other stakeholders to do programming and wrestle with issues for those not in grades K-12. Ms. Petelle agreed noting that we are a K-12 district and we do not get funding for other areas. She stated that the community needs to understand that the District has very little money for discretionary spending.

President Wolfmeyer noted that she has asked Dr. Lathan to look at the programs and present to the Board a list of programs, with their costs, so that the Board can set priorities. She pointed out that the Board will have to decide that if they want to reinstate a program, they will also have to decide what will have to be deleted.

Ms. Schau noted that she will be recommending that the Peoria Alternative High School program be continued next year with a reduction in staffing.

PURCHASE ORDERS OVER \$2,500 – Mrs. Schau presented this report for the Board's review. There were no questions.

CHANGE ORDER # 1 – THOMAS JEFFERSON SCHOOL - Requested by David A. Ryon

The following changes are necessary to provide greater serviceability to heat pumps, and to provide sprinkler coverage where sprinkler heads are obscured by new geothermal ductwork:

1. Classrooms 24, 25, 26, 27, 28, and 29 (6 total)
  - A. Revised size of supply duct from Heat Pump (HP) to 20" x 8". Turn supply duct toward exterior wall between laminated roof beams at closet and raise duct to pass over sprinkler piping. Revise duct size to 16" x 10" after passing over last sprinkler pipe. Revise size of run-outs to diffusers to 8" diameter (may use up to 3 feet of flexible duct to align diffuser with ceiling grid and accommodate obstructions) and provide increaser to connect to 10" diameter elbows at ceiling diffuser.
  - B. Omit canvas connection at return duct to HP. Route return duct directly east (or west – verify with classroom configuration) without the 90 degree elbow indicated on the drawings and as high as possible in Classroom and drop at Toilet Room wall before connection to HP. Use minimal flexible duct to align return grille with ceiling grid.
  - C. Add an additional sprinkler head (two total) above the ceiling of Toilet Room to protect the joist space on either side of the HP – at contractor's option heads may be fed from the corridor.
  - D. Relocate / raise branch sprinkler piping serving head in closet and display case to accommodate duct routing.
  - E. Add an additional sprinkler head above ceiling where return duct to HP exits Classroom (existing head will be blocked by return duct).
  - F. Lower fire alarm conduit running north/ south in the middle of the Classroom to level of the sprinkler piping to accommodate ductwork.
  - G. Relocate on either side of Classroom closet to accommodate supply ductwork.
  - H. Sawcut and remove portion of existing wood 2x6 bridging between pair of laminated roof beams to accommodate return duct routing and provide 2x4 replacement bridging.

2. Corridor 131
  - A. Stagger ducts (DOAS-3 supply and return mains) above ceiling to facilitate installation of branch take-offs.
  - B. Add additional above ceiling sprinkler heads to accommodate routing of ductwork and to avoid blockage of heads by ductwork.
  - C. Extend ceiling sprinkler heads as required to accommodate new ceiling height at south end of corridor 131.
  - D. Raise electrical conduits outside Teacher's Lounge as required to accommodate loop water piping routing.
  - E. Relocate / raise conduit between Classrooms 20 and 21 to accommodate ductwork.
  - F. Lower ceiling at the south end of Corridor 131 outside Classrooms 20, 21, 22, and 23 to the same height as the north end of Corridor 131.
  - G. Eliminate bulkhead between north and south ends of corridor. Revise ceiling grid – adjust light fixtures and sprinkler heads as required.

  - B. Revise ceiling outlets from DOAS-2 to Classrooms 20 and 21 to 16" x 8" sidewall grilles.
  - C. Run-out to inlet E1 in Classroom 21 shall be from Corridor 137 in lieu of Corridor 131.
  - D. Route supply air duct from HP located above Toilet Rooms along common wall of corridor and classroom and route individual branch ducts to ceiling outlets. Route above sprinkler line at exit from toilet room and remove roof deck insulation as required to accommodate supply duct.
  - E. Relocate sprinkler line at entrance to Classroom 23 to accommodate supply duct from HP 23.
  - F. Relocate / raise branch sprinkler piping serving head above sink to accommodate duct routing.
5. Boys 132 and Girls 133
  - A. Relocate plumbing vent from lavatory to along common wall between corridor and toilet room. Reconnect to vent through roof below roof deck as high as possible.

PROPOSED AMENDED 2009-10 BUDGET – Moved by Parker, seconded by Petelle that the Board of Education amend the 2009-10 budget, as presented. Accordingly, the budget needs to be placed on display and a public hearing needs to be scheduled for June 29, 2010 at 6:30 p.m.

Ms. Schau reported that when the budget was adopted in September it was based on the prior year and had some flaws and now we have documented all needed changes. An amended budget has been prepared that shows our best estimate of how the district will end the year. Administration is recommending that the amended budget be put on display for 30 days and a hearing be held on June 29, 2010.

Mr. Stowell asked about the change in property taxes expected (\$-1.7 million). Ms. Schau noted that the EAV is flatter than we thought it would be and we are lowering the rate of increase. Mr. Stowell asked what the impact would be if there was a negative EAV. Ms. Schau stated that EAV is based on the prior year and the problem would be that in the future when there would be an increase it would be slow in applying to the District.

On roll call, 6 ayes. Motion carried.

APPROVAL OF HIGH SCHOOL SUMMER SCHOOL – Moved by Butler, seconded by Ross that the Board of Education approve holding high school Summer School 2010 at Manual High School for high school Title 1 students from Manual, Peoria and Woodruff High School.

Dr. Lathan clarified summer school issues. She noted that initially the District would not have high school summer school. Now the funding allows us to have 120 students (40 from Manual, Peoria and Woodruff High Schools. Work is being completed to allow Richwoods High School students to use the ROE Virtual Learning this summer.

Mr. Tim Delinski, Summer School Principal, reported that in the past high school summer school funding was solely from the Education Fund. K-8 was funded by ISBE. The Education Fund was charged \$68,000 for high school summer school last year.

On roll call, 6 ayes. Motion carried.

**REPORTS AND SUGGESTIONS BY BOARD MEMBERS** - Mr. Stowell noted that as we think about early childhood, we need to reach beyond our goals and work with our collaborative partners and bring all the issues to the table.

Mrs. Parker asked that the Board discuss requiring new non-union hires to live in District 150 boundaries. Attorney Walvoord clarified that for any union worker that requirement would have to be in their contract and it could not be a retroactive measure. She feels that if employees knew before they were hired that there was the requirement it could work and would add additional tax revenues to the district. Mrs. Ross stated that she brought this issue up before and research showed that 870 who worked for the District lived outside its boundaries. She also wondered if there could be some type of "levy" for those that did not pay taxes to the District. Mrs. Wolfmeyer stated her concern that if you required something of one group, had to be for all groups. Attorney Walvoord feels you can differentiate for a specific group, but for union people it must be bargained.

ADJOURNMENT – Mrs. Wolfmeyer adjourned the regular meeting at 8:55 p.m.

Board Secretary
