Dr. Sharon Desmoulin-Kherat
Superintendent

October 8, 2019

Dear Peoria Public School Families:

Please be aware that because of possible inclement weather this winter, our school district is starting Learning Anywhere, Anytime for snow days. This is allowable in accordance with the ISBE waiver for flexible days.

Students will receive information from their school about the learning log with tasks to be completed from home.

In order to properly prepare, we are interested in understanding how many families will participate through online and how many will want paper packets. Please use the form to indicate your preference to work online or through a paper packet of work.

By participating in Learning Anywhere, Anytime, students are counted present for the academic day. Teachers will be available by email during online hours: 9:00 a.m. to 2:30 p.m. If you have questions, please contact your child’s principal.

Students who do not check in electronically or do not return their learning logs will be counted as absent.

Sincerely,

Dr. Sharon Desmoulin-Kherat
Please return to the school office no later than October 31st.

Student's First and Last Name ________________________________

School __________________________________________ Grade ______________

(For K-8, please list student homeroom teacher: _____________________________)

Agreements

♦ Students must complete school work 5 hours on any snow day
♦ Students must check in electronically or return their learning packet to get attendance credit
♦ Students who do not complete their online work or complete their packet will be marked absent until work is completed within one week.

Please check all that apply.

_____ My student will be able to do work online. (Teachers will post information on their websites.)

_____ We would like to receive a paper packet.

Parent Signature _________________________________ Date _____________

Please return to school by October 31, 2019.
